Choosing your ideal commercial tapware solution is easy.

All units fully assembled and individually bench tested in

Select the mount, inlets, the spout, and other options.

Dual or Single Temperature

Other Options

Australia, and include a unique, traceable serial number.

The Stainless Steel Advantage

**GUARDIAN[®]
TAPWARE**

ZERO LEAD CONTAMINATION

Water quality not compromised.

NO GRIME BUILD-UP

Waterways remain clean and the quality and taste of the water is not distorted.

SMOOTH FINISH

Stainless steel provides an easy to clean surface and prevents the build-up of bacteria.

HIGHLY DURABLE

Strong material reducing the occurrence of dents and bends.

SMALL FOOTPRINT

Stainless steel is 100% recyclable.

Premium Quality

To ensure 3monkeeZ[®] tapware withstands the rigors of any commercial application, our Guardian Tapware[®] and Clean-A-Jet[®] range of products are manufactured from 100% stainless steel (S/S).

The clean, attractive appearance and premium qualities of stainless steel protect your health and the environment, making it ideally suited to modern fit-outs to provide a lifetime of satisfaction.
