

DHJ Series

Water Supply & Pressure Pumps | Jet Pumps

Application

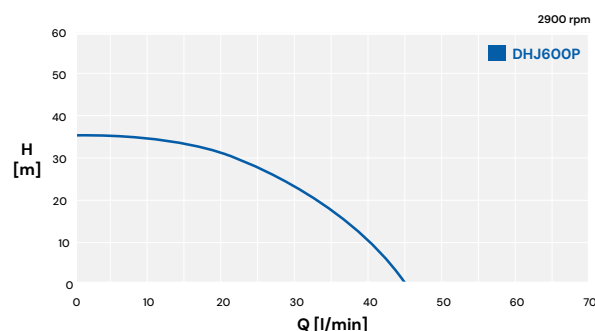

- House & garden water supply
- Rainwater tank pump set
- Water transfer

Construction and Features

- Pump body: Technopolymer pump housing
- Impeller: Noryl volute, impeller & venturi
- Motor bracket: Stainless Steel motor & pump shaft
- Heavy duty brass coupling
- Motor seal: Carbon / Ceramic mechanical seal
- Motor IP44
- Automatic pressure controller (Start & Stop on demand)
- Run dry protection
- Suitable for toilet & laundry supply

Performance

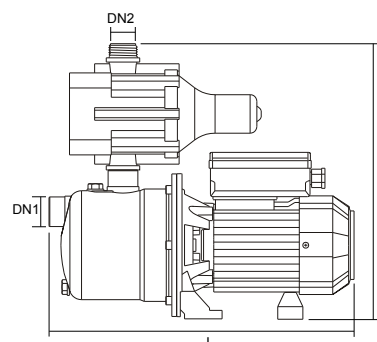

Technical Data

Model	Tap Qty Guide	Pump Style	Power (P1) (kW)	Amps (A)	Voltage (V)	Inlet (mm)	Outlet (mm)	Cable (Mtrs)
DHJ600P	3	Jet & Venturi	0.6	2.5	220 - 240	25	25	1.5

Dimensions

Model	H (mm)	L (mm)	DN1	DN2	G.W (Kg)
DHJ600P	385	337	25F	25M	8.1
